

Driving Locos at SAMES Track

Introduction

SAMES objective is to minimise risk to the public and to members
SAMES encourages all drivers and potential drivers
Drivers not yet on the Approved List should approach John Phelan or Ken Coxe to arrange training/approval

SAMES Junior Members

Members under 16 years must always be accompanied by an approved driver
Can never carry fare paying passengers but could take family or other members
Should only run when the track is quiet on a Sunday
When they reach 16 they should seek Approved Driver status

SAMES Members Non Approved Drivers

Should actively seek training/approval
Must be accompanied by an approved driver but preferably when the track is quiet
Can take fare paying passengers as part of their training/approval with an approved driver

Non SAMES Members

If driving a non-SAMES loco they must show their club membership card, boiler certificate and insurance certificate
If new to SAMES track they must be accompanied by an approved driver for a couple of laps
Only then can they take fare paying passengers
